Accredited to ISO/IEC 17020:2012

Effective Date June 1, 2026

Field Evaluation of Electrical Product Groups
Power distribution equipment under 600 volts, including switchboards, panelboards, motor control centers, transformers, and switches
Power distribution equipment over 600 volts (medium and high voltage), including switchgear, motor control, transformers, and switches
Industrial control and utilization equipment, including industrial control panels, factory automation and equipment, industrial process equipment, motor-operated tools, and machinery such as air compressors, pumps, and so forth
Commercial utilization equipment and appliances, including commercial cooking equipment, motor-operated commercial cooking equipment, refrigeration and cooling equipment, heating equipment, laundry and dry-cleaning equipment, HVAC units, and fan units
Luminaires (lighting fixtures) and signs, including neon, LED, and messaging-type signs
Medical and dental equipment
Information technology equipment, including UPS systems and electronic control equipment
Wet location equipment, including pools, spas, hot tubs, and fountain equipment
Hazardous location equipment that has listed components for the area or is purged pressurized or ventilated in accordance with NFPA standards to be changed to unclassified status
Other similar electrical equipment

Note: Approval is subject to Authorities Having Jurisdiction (AHJ).
